

Hamlin High Yield Municipal Bond Strategy

"Tax-Efficient, Risk-Adjusted, Growth"

June 30, 2021

Investment Objectives

Hamlin manages nonrated, tax-exempt high-yield municipal bonds which finance essential services across the country and include primarily public charter schools and senior living facilities. We believe these projects offer solutions to pressing national challenges such as an inadequate national education system and the aging of Baby Boomers. Our investment objectives are to protect invested capital and maximize after-tax yield. Historically, Hamlin fixed income portfolios have produced growing streams of income, positive total rates of return, and provided clients with access to cash flow.

Top 10 States	% of Total	Current Yield
Florida	13.12%	5.65%
Pennsylvania	12.33%	5.39%
Washington	8.27%	5.29%
Ohio	6.68%	5.45%
Texas	5.59%	5.24%
Arizona	4.76%	5.39%
Virginia	4.51%	5.80%
North Carolina	4.36%	5.56%
Georgia	3.90%	6.02%
Maryland	3.81%	5.49%

PAST PERFORMANCE DOES NOT GUARANTEE FUTURE RESULTS. Performance assumes the reinvestment of income. All information is intended for informational purposes only and contains the opinions of Hamlin. Nothing herein constitutes an offer to sell, a solicitation of an offer to purchase any securities nor does it constitute an endorsement with respect to any investment area or vehicle. Data shown is of the Bond Only Composite. The above information represents Hamlin's ten largest state concentrations as of the date indicated above. Information shown in the portfolio profile is presented as of the date indicated and is subject to change at any time without prior notice. Performance data uses broker pricing for the period prior to April 1, 2016, and pricing by ICE Data Services thereafter. Volatility may be higher under ICE Data Services pricing. Hamlin does not undertake any duty to update the information provided herein. There is no guarantee that any strategy will meet its investment goals, and investing may result in a loss in principal. A copy of our current written disclosure statement discussing our advisory services and fees remains available for your review upon request. Benchmark capture uses quarterly performance. This information is supplemental to the attached GIPS-compliant presentation. Individual account vary. Adjusted duration is calculated using the earliest of the applicable put, interest rate reset, mid point of sinking fund payments, and maturity dates. Accredited Investors only. Composite performance is shown net of custodial fees for the period prior to January 1, 2018, and gross of custodial fees and other charges that may occur as a result of a client's choice of service providers thereafter.

* Performance represents a non-annualized partial period return ending on June 30, 2021.

Bond Only Composite consists of fully discretionary bond only accounts that are comprised of any amount of bonds and cash. There is a 1 year waiting period to be included in the composite. There is no minimum account size for inclusion in the composite. The Bloomberg-Barclays High Yield Municipal Bond Index (BHYMBI) is provided as a benchmark. Benchmark returns are not covered by the report of independent verifiers.

PAST PERFORMANCE IS NOT INDICATIVE OF FUTURE RESULTS. Investing entails the risk of loss of principal. The U.S. Dollar is the currency used to express performance. Returns are presented net of management fees and includes the reinvestment of all income. Net of fee performance was calculated using actual management fees. The annual composite dispersion is an asset-weighted standard deviation calculated for the accounts in the composite the entire year. Results are based on fully discretionary accounts under management, including those accounts no longer with the firm. The management fee schedule is as follows: 1.00% on all assets. Actual investment advisory fees incurred by clients may vary. Composite performance is shown net of custodial fees for the period prior to January 1, 2018, and gross of custodial fees and other charges that may occur as a result of a client's choice of service providers thereafter.

Hamlin is an independent registered investment advisory firm. Hamlin invests in fixed income and equities for separately managed accounts, as well as funds. In January 2004, Hamlin merged with RRH Capital Management Inc. and the performance returns are linked. Hamlin maintains a complete list and description of composites and pooled funds, which is available upon request. A copy of our current written disclosure statement discussing our advisory services and fees continues to remain available for your review upon request.

The Bond Only Composite has an inception date of January 1, 2001 and was created April 1, 2006. Hamlin claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Hamlin has been independently verified for the periods January 1, 2001 through December 31, 2008 by Ashland Partners & Company LLP. ACA Performance Services began verification for Hamlin on January 1, 2009 through June 30, 2021. A firm that claims compliance with the GIPS standards must establish policies and procedure for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. The Bond Only Composite has had a performance examination for the periods January 1, 2001 through June 30, 2021. The verification and performance examination reports are available upon request. The policies for valuing investments, calculating performance, and preparing GIPS reports are available upon request.
